

ARC'TERYX LAKELAND REVIVAL

"CLIMB THE HIDDEN CLASSICS OF THE LAKES"

Join the Arc'teryx Lakeland Revival this summer from the 5th May - 31st August. This selection of routes has been put together in association with the Fell and Rock Climbing Club, which has produced the rock climbing guides to the Lake District for many years. The routes are a selection of good routes throughout the Lake District, but on the less popular crags, and hopefully this will help to open up more routes and crags to climb on and enjoy.

MOUNTAIN DAYS

Mountain routes introduce a whole range of extra considerations such as longer approaches, more serious weather, condition of routes, drying out periods, aspect of crags, longer days and less frequented crags – against that a day on a mountain crag can give memorable ascents with the “full package” of a fantastic feeling away from the world below, views over the surrounding fells, intricate route finding and reliance on yourselves - get up there and try these!

AW' REET (Up to MVS)

- Stoat's Crack (HS)**
Pavey Ark, Langdale
Pavey is such a fine crag with many excellent routes. This finds the easiest way through a big area of steep rock.
- Evening Wall (HS)**
Lining Crag, Borrowdale
A great location, fine crag and excellent rock with a true mountain feel.
- Original Route (S)**
Great How Crag, Dow
A fine positioned crag well above the Coppermines Valley. The route can be used as a start of the ridge up to Swirl How or combined with some climbing on Little How Crag.
- Pisgah Buttress Direct (S)**
Scafell Crag, Scafell
The “forgotten buttress” left of Scafell Pinnacle. A fine route weaving up the centre of the buttress.
- Sledgate Ridge (HS)**
Gable Crag, Great Gable
There is a special feel about Gable Crag - especially late on a summer's evening. Carry rucksacks and ascend to the summit of Gable.
- North Climb (HS)**
Pillar Rock, Ennerdale
First climbed in 1891 - should be a piece of piss - but beware! A superb D with a S finish which has been the scene of many epics - nuff sed!
- Tower Buttress (VD)**
Black Crag, Ennerdale
If you want to get away from the world - go here. Superb rock in a stunning situation.
- Direct Route with the Bolt Finish (S)**
Waterfall Buttress, Newlands
Newlands is hidden away to the west of Borrowdale - but has a good collection of crags with some fine routes - this is one of them!

GOOD ON YER (VS - E1)

Sword of Damocles (E1)

Bowfell, Langdale

Classic route first climbed by Pete Greenwood and Arthur Dolphin way back in 1952.

Thunderclap (VS)

Little How Crag, Dow

Great little crag with a selection of fine routes on immaculate rock.

Square Chimney /

Medusa Wall (VS)

Esk Buttress, Eskdale

A day on Esk Buttress is like a day in paradise!

The Centaur (HVS)

East Buttress, Scafell

What is a classic route - straight as a die or weaving up a crag? This is very much of the weaving variety - into stunning positions and magnificent climbing.

Long John (VS) & Not a Cairn in the World (HVS)

The Napes, Great Gable

A great combination working up the crags - good to take rucksack - to end at Westmorland Cairn and one of the finest views in the Lakes

Megaton (HVS/E1) & The Devil's Eliminate (HVS)

Pillar Rock, Ennerdale

When you have got to Pillar you want to make the most of the climbing there - try this combination!

Brandywine (VS)

Grey Crag, Newlands

Don't forget about Newlands - Grey Buttress has some very good routes on steep solid rock.

Clubfoot (VS)

Dovenest Crag, Borrowdale

An unusual crag with a built-in cave. This route makes a fine frontal attack.

REET 'ARD (E2+)

Pink Panther (E2)

Dow Crag

"Cat like" - that is what you have to be around here on this immaculate wall.

Air on a Bowstring (E3)

Bowfell, Langdale

The rock right of Bowfell Buttress is something special and this route goes right up the centre!

Cutting Edge (E3)

Round How, Scafell

The stunning looking arete on this fine crag

The Cayman (E2)

Napes, Great Gable

Back to the birthplace of rock climbing - but in a more modern idiom. Excellent face climbing with Napes Needle in the background.
